

ISO 45001: Lead Implementer, Certification Occupational Health & Safety

Hands-on course of 5 days - 35h
Ref.: JST - Price 2024: contact us

EDUCATIONAL OBJECTIVES

At the end of the training, the trainee will be able to:

Implement and effectively manage an Occupational Health and Safety Management System (OHSMS)

Apply and translate the requirements of ISO 45001 to an organization's specific context.

Assist an organization in its approach to implementing an OHSMS

Advise an organization on OHSMS best practices

Take the "Certified ISO 45001 Lead Implementer" exam

CERTIFICATION

After passing the exam, the participants can request qualification as "Certified ISO 45001 Provisional Implementer", "Certified ISO 45001 Implementer" or "Certified ISO 45001 Lead Implementer" depending on their level of experience.

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

TEACHING AIDS AND TECHNICAL RESOURCES

- The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
- At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
- A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.

TERMS AND DEADLINES

Registration must be completed 24 hours before the start of the training.

ACCESSIBILITY FOR PEOPLE WITH DISABILITIES

Do you need special accessibility accommodations? Contact Mrs. Fosse, Disability Manager, at psh-accueil@ORSYS.fr to review your request and its feasibility.

THE PROGRAMME

last updated: 06/2022

1) Introduction to the ISO 45001 standard and setting up an OHSMS

- Situating the ISO 45001 standard within the regulatory framework of OH&S.
